School Attendance

Our school attendance target is set by the local authority, our attendance target for the school session 24-25 is 95.75% .

Eco Schools Scotland

Mr Atkinson is working closely with the Eco committee and the school to prepare for the submission of our 9th Green Flag this term. Many thanks to our parents that have helped us on this journey too.

Algae Clean

We are very grateful to the Costin Family and their company, Deep Clean FM, www.wedeeepclean.co.uk who gave up their time and services for a complimentary algae clean of our school building during the Christmas Holidays. Already we notice a huge difference and we were very touched by this kind gesture.

Rhu Primary School

'Rooted in the community and reaching for the stars'

From the Head Teacher's Desk

Our new school website is live, providing general information about our school. www.rhuprimaryschool.org We extend our heartfelt thanks to the Parent Teacher Council for their support and to Mr. Woods for his technical expertise in bringing this project to life.

The website serves as a prospectus for our school; however, it will not be used to share daily updates about school life. All school information for parents and carers will be communicated through the Xpressions app. If you do not have access to the xpressions app this will automatically be sent as an email to the email address you have provided to the school. For teaching and learning, platforms such as Seesaw and Google Classroom will continue to connect you with your child's learning journey.
